All fireplaces are 36" 400DVB  
direct vent fireplaces

The 400DVB models are designed for the serious fireplace enthusiast who loves a massive flame viewing area. These fireplace models feature the biggest firebox and log set in the industry. You will be amazed by these direct-vent models - everything is supersized.

400DVB models are available with a millivolt valve or full service Comfort Control System or electronic ignition.
